Local Post Office Has Summer Hours

Beginning Wednesday, June 14, the Canal Point Post Office will close on Wednesday afternoons. The office will be open from 8:30 until 12:30 each Wednesday during the summer.

Bill Howard New Elementary Principal

The new principal of Pahokee Elementary school next year will be W. D. (Bill) Howard who has been on the Pahokee High School faculty for 13 years. He will succeed Herman Austin who plans to go to Puerto Rico. Mr. Howard, along with his regular high school duties, has been a foot ball line coach, head basketball coach and track coach. His many friends in the Glades will be happy to hear of his promotion.

You May Donate To Fireworks Fund

Officials in charge of the Fireworks display on the Fourth of July at Pahokee said this week an opportunity will be given on that day for everybody to make a small donation to the fund. Plans call for the Chamber of Commerce Committee to station several beautiful girls on the dike to hand out cardboard cartons in which the visitor may be privileged to drop a coin.

It was pointed out by one member of the committee that plans for using whatever amount of cash is left over on the Fourth to start next year's fund. The fireworks were ordered this year before enough money was donated to pay for them. The committee did this on faith, feeling that those who are interested in the beautiful display will be giving the needed amount between now and the Fourth.

So, on the Fourth of July, when you approach the dike and see a bevy of beautiful girls with the little cardboard cartons, just dig down and bring out a few cents to help defray Fireworks expenses. You will forever earn the thanks and gratitude of the Chamber of Commerce committee that is working so hard in order to make the day a huge success.

Vacation Bible School June 12-16

Plans have been completed for the Vacation Bible School to be held at the Canal Point Methodist church June 12-16.

Mrs. Boyd Vorhees will serve as general superintendent of the school. Assisting her as department superintendents will be Mrs. E. F. Hollon, kindergarten; Mrs. Eli McCall, primary; Mrs. Osceola Upthegrove, junior; and Rev. Robert Shelley, intermediate. Mrs. L. C. Livingston will serve as hospitality chairman. The teachers will be assisted by members of the Young People's Department of the Church School.

Glades Shipment Total 22,082 Cars

With 22,082 cartons of Glades vegetables recorded by his office this season, G. F. Pittman, local representative of the USDA Marketing Service, announced the closing of his office as of Friday.

The totals for this growing season were under the figure for 1960, which had been 25,477 carton equivalents shipped off to market.

The office will be opened late in October for the 1961-62 shipping season.

Pittman will leave the Lake area the latter part of this week and report to Spartanburg, S. C., the early part of next week where he will be in charge of the marketing service there during the South Carolina peach deal.

Ronnie Hitchcock Citadel Graduate

Cadet Charles Ronnie Hitchcock, son of Mr. and Mrs. Charles E. Hitchcock, Canal Point, received a B. A. degree in history from The Citadel, The Military College of South Carolina on June 3. Hitchcock was a valued member of the football team while at the military college.

Canal Point School Has Special Awards Event

Fifth Graders Go On Tour Of Glades

The fifth grade pupils of Canal Point Elementary School, accompanied by their teacher, Mrs. Charlotte Walston and two home room mothers, Mrs. W. E. McCall and Mrs. Coleman Conoley, went on a field day trip through James Melton Autorama in Lantana, on Monday morning. Afterwards, the party drove to Phipps Park and enjoyed a picnic lunch and social hour before they returned to their class room.

Chicken Barbecue By Two Lions Clubs

An added attraction on the dike in Pahokee on Tuesday, July 4, will be a big chicken barbecue sponsored by the Pahokee Lions club and the Canal Point Lions club. The clubs recently voted unanimously to cooperate in the joint effort to raise needed cash for Lions club projects.

"We are preparing to feed a multitude," said one of the committee yesterday when discussing plans for the big day. The chickens will be barbecued at the Elks Club barbecue pit and served hot to all who care to spend \$1.50 for a worthy cause. Club members said that a full and complete plate will be served to each purchaser of a ticket. Along with the barbecue will go a big serving of other delectable dainties to make the meal a success.

The Lions clubs in Pahokee and Canal Point, have for a long time, worked cooperatively in their efforts to raise money. Dozens of the club members give a full day's work on special occasions in order to raise money for Boy Scout work, Sight conservation and a dozen and one other worthy projects. So, when you see a Lion in his familiar Lions club colors, dishing up barbecue, baked beans or whatnot, just remember that he is GIVING his time and labor to help the less fortunate. Why not assist him?

Rev. Rustin Delivers B. G. Baccalaureate

A capacity crowd at the Community Methodist Church Sunday evening, heard Rev. Lee D. Rustin, Pastor, deliver the baccalaureate sermon to the 75 Belle Glade high school seniors.

His subject "Beyond Horizons," was taken from a scripture text "and it shall come to pass afterward, that I will pour out my spirit on all flesh; your sons and daughters shall prophesy, your old men shall dream dreams and your young men shall see visions."

The Canal Point School students were recognized for their scholastic, athletic and 4-H achievements in a special awards assembly held Wednesday in the school auditorium.

The program was opened by the Emblem Ceremony given by six 4-H girls: Gail Reeves, Peggy Bitting, Lodis Gray, Nancy Harrington, Charlene Yeomans and Sylvia Martin, directed by Mrs. W. E. McCall.

County awards in 4-H work were presented to the girls by Miriam Lo Pinto, assistant Home Demonstration Agent. All the girls in the Canal Point Club who received blue ribbon certificates and one year pins will be eligible to compete in the County awards. This club has the distinction of being rated as the best 4-H Club in Palm Beach County.

Sandra Jackson received her one year pin and four year pins were awarded to Sharon Johnson and Gail Reeves. Other one year pins were awarded to Sylvia Martin, Jackie Weeks, Gail Paige and Charlene Yeomans. Nancy Harrington won awards for three projects and has had three years at camp; Lodis Gray won awards for four projects and two years at camp and Peggy Bitting has had two years at camp. Mrs. Bitting, Mrs. McCall and Mrs. Harrington were given leadership awards at this time.

Mrs. Mildred Larrick, sponsor of the Junior Red Cross, recognized the following students: Sandi Weeks, Lodis Gray, Nancy Harrington, Sylvia Martin, Stephanie Ginglyer, Brenda Ingram, Jamie Yeomans, Jackie Weeks and Ricki Holt.

Mr. White, Principal, presented perfect attendance awards to the following students: First Grade: Joe Carr, Mac Wright, Alice Thomas, and Cindy Weeks. Formal Review By National Guard

National Guardsmen from Glades communities under the command of Lt. Charles Paul—the 131st Pipeline Platoon from Belle Glade—joined several other Guard units Sunday (June 4) at West Palm Beach to stage a formal review in honor of Col. O. W. Hartwell, former commander of several South Florida Guard units.

The review, arranged as a surprise performance for the now retired Hartwell, was arranged by Lt. Col. Enoch Hunt, commander of the 160th Transportation Battalion, a unit which succeeded an Infantry Battalion which Hartwell organized after World War 2 and still includes several of the old infantry companies.

The parade and unveiling of a large portrait of Hartwell which will be hung in the West Palm Beach Armory, was staged in recognition of Hartwell's more than 30 year career in the service; for his sincere devotion to duty and for establishing an outstanding example for men to follow.

Hartwell, now assistant postmaster at West Palm Beach, joined the National Guard in 1930. He rose to the rank of Lt. Colonel and Battalion Commander overseas in World War 2.

After being released from active duty, he re-organized the Guard at West Palm Beach, forming an Infantry Battalion which he commanded from 1947 to retirement in 1957. Company E, Belle Glade was one of the five units in Hartwell's group.

Piano Recital Is Given In Belle Glade

The music pupils of Mrs. Madge Taylor presented a piano recital last Thursday evening in the Women's Club Building in Belle Glade. Those participating from this community were: Gloria and Kay Hall of Bryant, Kandi McCall of Canal Point, Brenda Andrews and Marjorie Kahn of Pahokee.

VISITS IN CANAL POINT

Horace Scruggs spent several days in Canal Point last week with his parents following his return from Gainesville. He left Friday, accompanied by his mother, Mrs. A. H. Scruggs, for Atlanta, Georgia. He has tentative plans to spend the summer there and will be the house guest of his brother-in-law and sister, Mr. and Mrs. Garrett. Mrs. Scruggs returned home Monday accompanied by her daughter, Mrs. Garrett and two children, Mike and Mattie. They will be joined here this weekend by her husband Alvin Garrett and will visit relatives throughout the Glades before returning to Atlanta, Sunday.

New Interchange To Be Dedicated

TAMPA — John M. Hammer, chairman of the Florida State Turnpike Authority, said today dedication ceremonies for the new Boca Raton Interchange on the Sunshine State Parkway have been arranged.

Hammer said construction on the modern interchange which started in October, 1960, is now complete and an appropriate dedication ceremony is scheduled at the interchange Saturday, June 10, 1961, at two-thirty p. m.

A traditional ribbon-cutting ceremony will mark the official opening of the \$313,276 interchange. Invitations have been sent to dignitaries and leaders from around the State of Florida. Members of the Florida State Turnpike Authority will be present.

Chairman Hammer will deliver the dedicatory address.

There will be a presentation of plaques to individuals who played an important role in the establishment of this new interchange.

The Boca Raton Chamber of Commerce and the Arvida Corporation are assisting the members of the Florida State Turnpike Authority in arranging the dedication ceremonies.

The new interchange, which was constructed by Dickerson, Inc. of Stuart, Florida, is 32 miles from the southern terminus of the Parkway at Miami.

The interchange is connected to Boca Raton Road (SR 806) and affords North Broward County and South Palm Beach County motorists a new access to the Sunshine State Parkway, Hammer said.

APPRECIATION

I wish to express my deepest gratitude and thanks to my friends and neighbors for the kindness and love shown me during my recent illness in the hospital and recovery at home. Thank you for your prayers, beautiful flowers, cards, gifts and visits.

HOW MUCH YOU HARVEST DEPENDS UPON HOW MUCH YOU PLANT . . .

Saving is like planning. The more you put down, the more you get. But there are two important differences. A savings account is not subject to the risks of weather and drought. And, to keep your account growing, the big secret is **REGULAR** saving. You may be amazed how much you can save, painlessly, out of income. Let us tell you the facts.

Here's what the new $3\frac{3}{4}\%$ interest rate on U.S. Savings Bonds means to you:

$\$3 = \4 fourteen months faster than before

The Bonds you own are better than ever, too

The new $3\frac{3}{4}\%$ rate means your savings grow faster than before with U.S. Savings Bonds. \$3 becomes \$4, or \$3,000 becomes \$4,000 in just seven years, nine months. This applies to all Series E Bonds bought since June 1, 1959.

Then, all older Bonds, both Series E and H, pay more now—an extra $\frac{1}{2}\%$ from June 1 on, when held to maturity.

And, all Series E Bonds carry a new 10-year extension privilege. This means your Bonds will keep earning liberal interest automatically after maturity.

These three new cash benefits make today's U.S. Savings Bonds the finest in history. They make the ones you own now better, too.

More advantages of U.S. Savings Bonds

You can save automatically. Just tell your company how much to deduct every payday for Bonds, and your Bonds will be delivered to you. This way you can't forget to save. And, remem-

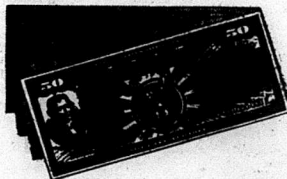

ber, the money you don't touch can't slip through your fingers.

You can get your money, with interest, when you need it. Your Bonds are a ready reserve to use anytime you wish. But, it pays well to hold them.

Your savings can't be lost or stolen. The U.S. Government guarantees to replace your Bonds, free, if anything ever happens to them.

You save more than money. The Bonds you buy help keep the peace because peace costs money. Money for better education, new scientific research, greater military strength. And the money you save helps strengthen our nation's economy which depends on the financial strength of individuals to keep it sound.

Start saving with U.S. Savings Bonds today. You'll save more than money.

Velda Spreads Out Statewide

JACKSONVILLE—Velda Cooperative Dairies has been formed as a statewide agricultural cooperative of independent producers of milk and milk products, according to Henry B. Pownall, Miami, general manager and secretary-treasurer of the group.

The cooperative has purchased the building and processing plants of the Velda Corp., Pownall said. Three divisions have been established in Jacksonville, Miami and Winter Haven.

The Velda Corp. was formed in 1949, with Arthur Vining Davis as the principal stockholder. The firm manufactured ice cream only until 1952 when it launched its first milkproducing operation in Jacksonville.

Pownall has been president since 1952, and in 1956 he purchased the assets of the company.

R. L. (Ray) Hawk, Sr., returned to his home in Canal Point Saturday from Good Samaritan Hospital in West Palm Beach, where he underwent surgery May 26.

ASC Plan Pays Big In Palm Beach Co.

Sam Schooley, county office manager for the Palm Beach County ASC Committee reports that 119 farmers participated in the 1960 ACP program by establishing one or more approved conservation practices.

Mr. Schooley said that the total assistance received by farmers through the 1960 ACP was \$89,403. This Federal assistance amounted to less than 50 percent of the cost of performing the approved conservation practices. The farmers themselves contributed the remainder of the cost and used their own labor and equipment in most cases in carrying out the practices. The purpose of this cost-share type program is to increase the extent and speed of conservation measures that are essential for maintaining the capacity of our farms and ranches to produce sufficient food and other raw materials to meet the future needs of the nation.

Mr. Schooley stated that the farms on which approved conservation practices were performed with ACP cost-sharing assistance represented 35 percent of the farmland and 17 percent of the cropland in the county.

Some of the major conservation practices performed were: Land leveling, ditching, constructing pits or ponds, initial establishment of permanent vegetable cover.

The 1961 ACP is essentially the same as the 1960 program. Farmers who need help with conservation on their farm should contact the ASC office, 531 North Military Trail, West Palm Beach.

Tourist Business Shows An Increase

MIAMI BEACH—After a serious slump in Florida's tourism last year and early 1961, business is picking up as a result of a revitalized promotion program.

Wendell Jarrard, Chairman-Director of the Florida Development Commission, made this statement to members of the Miami Beach Chamber of Commerce at the annual meeting at the Fontainebleau Hotel.

Jarrard said the effects of a new hard-sell began to show in March when Welcome Station traffic, a good tourist business barometer, gained nearly 50 percent over the same month a year ago.

New Yorkers registering at the state's six Welcome Stations almost doubled in March over the corresponding period in 1960. Jarrard said he thought this increase could be "directly attributed" to the efforts of the new Florida Showcase in Rockefeller Center in New York City where information about Florida is disseminated.

"We are able to tell the Florida story to some 1500 people a day who visit our showroom in the world's biggest city," Jarrard said.

Butch Heldt Honor High In Air Force

Af Dow Airforce Base in Maine, a former Canal Point resident is making his mark in the world. That's Butch Heldt, and the following story from the local paper there will be interesting to all local residents:

An airman that has brought recognition to this strategically located Strategic Air Command installation time and time again has been selected "Outstanding Airman of the Year" for 1960. MSgt. Arnold J. Heldt, NCOIC of the Retention Office, is this airman.

"In this position, and in the absence of an OIC, he has conducted one of the most outstanding retention programs in the Strategic Air Command," stated Col. George W. R. Zethren, wing commander, in a letter to the Eighth Air Force director of personnel.

Sergeant Heldt's program was rated "excellent" by a SAC Staff Visit Team in November 1960 and "outstanding" by the Eighth Air Force ORI Team at the same time. Dow has received two letters from Maj. Gen. Hunter Harris, Eighth Air Force deputy commander, and one from Brig. Gen. Perry M. Hoisington II, at that time 820th Air Division commander, commending Dow on the excellent results attained in the Selective Reenlistment Program.

"Retention at Dow has continued to improve since these inspections and, as of this date, Dow has an outstanding officer and airman retention rate," Colonel Zethren's letter continued.

Regardless of the job, doing it in a professional manner seems to be routine for Sergeant Heldt as he received the Commendation Medal for outstanding work in the Family Services Program and another for his achievements while a member of the 3rd Air Rescue Squadron.

Beginning his military career with the cavalry in November of 1939, Sergeant Heldt has held various positions during his 20 years with the service, which include crashboat skipper, first sergeant, NCOIC, information services and public relations and sergeant major.

In April 1952 he was assigned to West Palm Beach AFB, Fla., where he was given the task of activating a crashboat squadron to assist Air Rescue Service in water transition flights with Grumman Albatross aircraft. While assigned to this base, from 1952 to 1956, he received 19 letters of appreciation and commendation and assisted in making four training films for Headquarters USAF.

Sergeant Heldt and his wife, Betty, have four daughters and two sons, Arnold Jr., 19; Martha, 14; Sharon, 13; Ellen, 6; Timothy, 5; and Anola, 4. Arnold is an airman second class and is assigned to Group Headquarters Squadron.

Miss Juanita Durau Wed To Bobo Pugh

At 3:00 o'clock on Sunday after noon, May 28 Miss Juanita Durau, became the bride of Hinton Anderson (Bobo) Pugh in a quiet double ring ceremony performed at the home of the bride's parents. The bride is the daughter of Mr. and Mrs. Louis Durau of New Orleans, La. The groom is the son of Mr. and Mrs. H. H. Pugh of Canal Point, and the grandson of Mrs. Mamie Pugh also of Canal Point. Only members of the immediate family and close friends were present at the ceremony.

Miss Celina Carlisle, Maid of honor, was the bride's only attendant. Gerald Keller served as best man.

Following a honeymoon in South Florida and a visit with his parents and other relatives in Canal Point and Pahokee, Mr. and Mrs. Pugh will make their home in New Orleans where he is a radio man in the U. S. Coast Guard.

Communism Growth Talk Before Lions

The Canal Point Lions Club members and guests were entertained Monday night by two representatives from the Eastern Air Lines of Miami, Vernon Ashley and Jim Garrison. Mr. Ashley gave a brief talk on the rapid growth of Communism in the United States through the government, schools, churches and newspapers. He gave the history of the film "Operation Abolition" which was the main part of the program. This picture was made in 1960, Ashley went to say, in California and has been shown to thirty to forty million people in the United States since that time. The guest speakers were introduced by H. H. Sears, program chairman and P. A. Slonaker outgoing president, presided over the business.

An announcement was made concerning the Canal Point Street Lights, \$359.00 has been collected and this leaves a balance of \$200.00 still to be donated before July first.

Sorry Fathers To Help Kids Or Else

Wayward fathers will have a simple choice of either supporting their children or spending time in county jail when the Palm Beach County Juvenile and Domestic Relations Court begins operations Oct. 1.

That's the view of County Judge Paul T. Douglas, who drew up the bill passed by the State Legislature.

Douglas said a hard-nosed judge will be able to save the county and state thousands of dollars paid out to families who aren't being supported by fathers as they could be.

"The court won't cost," he said. "It will pay."

His theory is clear-cut. If an investigation discloses that a father is capable of supporting his children but isn't, he is clapped into jail to show that there is a court that means business.

Douglas doesn't overlook the fact that a father in jail can neither earn money nor support his children. But he feels sure that when the word gets out that an extended jail visit is imminent, fathers will be eager to meet their obligations.

Mr. and Mrs. O. H. Sheppard and daughter Hazel of Canal Point returned home Sunday from a weekend visit with their son-in-law and daughter Mr. and Mrs. Danny DeLeon in Tallahassee.

USDA Club Enjoys Program On Honey

What more fitting program subject for the last meeting of the USDA Club of the season, held at the Community Building, Canal Point, June 7, than the little manufacturers of honey.

A. Jack Little, General Mechanic for the Agricultural Engineering Research Division, U. S. Department of Agriculture, Everglades Experiment Station, Belle Glade, having worked with bees as a hobby since 1948, is quite an authority with them, their living habits, and their products—honey and beeswax.

Jack says, with his naturally curious and suspicious nature, that this was the only hobby or sub-profession where he would know if he was being stung, so what else could he do? Of course, this is a mere sample of the humor the USDA Club members enjoyed, as he presented a talk about bees, bringing out little known facts and highlights of bee raising, followed by a film entitled "Story of the Bees," and an informative question and answer period.

Florida rates 3rd highest in the production of honey in the U. S., producing 19,390,000 pounds last year with an income of \$3,374,600 plus \$150,000.00 for wax. Jack himself, has about 65 hives in operation at the present time, thereby contributing to this figure.

Honey and the use of it appears on records as far back as 3800 B.C., so it is not exactly the newest thing on the table. Many new uses, however, are being discovered through research every day. Not only is it a food with high nutritional value and extremely useful for quick energy, but it is used in the manufacture of medicines, vinegar and wine. Beeswax is used by nurseries for grafting, and in the manufacture of car polishes, floor wax and candles.

Regular members attending were: B. A. Belcher, Virgil Bracker, Tom Bregger, M. H. Eyrum, Irene Dobb, P. H. Dunkleman, D. W. Fisher, W. T. Forsee, Jr., R. Gifford, Carolyn Glover, C. O. Grassl, V. E. Green, J. F. Joyner, J. Little, Dee Maxson, Dorothy O'Neal, E. R. Rice, T. E. Summers, E. H. Todd, Donald Waddell, H. Whittemore, and Otho Richey.

Mr. and Mrs. W. P. Jernigan of Clewiston and their guests, their son-in-law and daughter and children, Mr. and Mrs. Edd Melton and Joe and Cynthia of Gainesville, were Sunday visitors of her brother-in-law and sister, Mr. and Mrs. A. R. Harrington and family in Canal Point.

Opposition Grows To Senate Bills

James T. Duncan, Manager of the Traffic Division of the Florida Fruit & Vegetable Association, Orlando, Florida, today appealed to other organizations and individuals to join the Florida Fruit & Vegetable Association and the Growers and Shippers League of Florida in expressing to members of congress opposition to Senate Bills S. 1197 and S. 1089, as well as companion bill H. R. 5927.

"Principal reasons for opposing them are that we regard these Bills as unsound transportation legislation, and contrary to the long established principle that rates for each mode of transportation should be made for that mode. Further, they appear to be radical departures from the original purpose of the Interstate Commerce Act to eliminate and prevent discrimination and preferences as to shippers and the general public," Duncan said.

"Florida citrus and vegetable interests need and use all modes of transportation in delivering their products in volume to the large consuming markets of the nation. We are convinced that the shipper has, and ought to have, the free right and choice to select the form or mode of transportation which he believes to be best suited to his individual needs.

"The public, both producers and consumers, is entitled to the continued advances in technological improvements; and they are entitled to share in the benefits. Further development and improvement

should not be stifled or impeded by new artificial rules designed to benefit one form of transportation at the expense of others," Duncan added.

Allstate Offers Great New Service

ST. PETERSBURG — Judson B. Branch, president of Allstate Enterprises, Inc., says the Allstate Motor Club is starting service in most states including Florida, with expansion to other states planned to follow as soon as possible.

The Sears, Roebuck and Co. subsidiary will offer a number of extra benefits, according to Branch, in addition to standard motor club services.

Membership benefits in the Allstate Motor Club include trip and vacation planning specified rates at hotels and motels, payment for towing and emergency road service, motor club accident insurance, an arrest bond certificate and the opportunities for world-wide tours.

Additional benefits include payment for legal defense against ordinary traffic violations, check-cashing identification when traveling, motor club emblem and a special Allstate Motor Club magazine.

Mrs. Annette McCurdy of Pahokee, returned home Monday from a week visit with her son and daughter-in-law, Mr. and Mrs. Charles McCurdy and children in Gainesville. While there she attended the graduation exercises of her son at the University of Florida.

Miss Betty Williams Weds Sgt. E. L. Norris

Miss Betty Williams of Canal Point became the bride of Sgt. Earl L. Norris of Huntington, West Va., and now of Holloman Air Force Base in New Mexico. Rev. John E. Rushon officiated at a double ring ceremony May 14, 12:30 p. m. in the Bible Baptist Church of Alamogordo, New Mexico.

The bride is the daughter of Mr. and Mrs. M. L. Barfield of Canal Point, graduate of Pahokee High School and attended business school in Tallahassee. The groom, the son of Mr. and Mrs. Wilbur W. Norris of Norfolk, Va., and a grandson of Mr. and Mrs. E. W. Norris of Huntington, West Va., a graduate of Vinson High School in Huntington, and completed Radio School at Keesler A. F. B. of Biloxie, Miss., and served two years in Japan.

The bride, given in marriage by her cousin, Sgt. M. J. Johnson of Holloman Air Force Base, wore a street length dress fashioned of white organza with matching accessories and carried a bouquet of sweetheart roses.

Mrs. Sarah Johnson, of Alamogordo, New Mexico, cousin of the bride, and her only attendant, wore a street length dress of blue lace with matching accessories.

Ben Hanson, also of the base, served as best man for Sgt. Norris. After a wedding trip in Old and New Mexico the couple are at home at 2239 D. Loona Loop, Holloman A. F. B. New Mexico.

CORN EARWORM PAVES WAY FOR OTHER PESTS

GAINESVILLE—The corn earworm is capable of causing considerable direct injury to field corn, but it is even more important due to its influence on other insect pests.

Dr. A. N. Tissot, entomologist with the Florida Agricultural Experiment Stations, says the earworm is by far the most destructive pest of sweet corn.

When the earworm larvae in the ears become fully grown they eat holes through the shuck, leave the ears and go into the soil to pupate. These emergence holes in the shucks allow rain and dew to enter the ears and may cause molds to develop.

"But much more significant," says the entomologist, "is the fact that the holes provide gateways for weevils and moths." These secondary insects develop and multiply rapidly in warm weather and by harvest time all the kernels on the ear may be hollowed out and reduced to mere shells.

Weevils and moths very rarely enter ears with tight fitting, uninjured shucks, so their depredations in the field must be charged almost entirely to the earworm which prepares their means of entry.

"To a lesser extent, similar situations can be found with other pests on different crops," says Dr. Tissot. He adds that this is one of the difficulties encountered in trying to make accurate estimates of the amount of damage actually done by various pests.

Mr. and Mrs. W. S. Cross of Canal Point left Friday for Melbourne where they are the guests of their son-in-law and daughter Mr. and Mrs. Doyle Brannon.

Mrs. Lurline Cappel of Titton, Ga., arrived in Canal Point Wednesday and is guest of her brother and sister-in-law, Mr. and Mrs. R. T. Smith.

Willard McCurdy completed his first year of Medical School, Tuesday, at the University of Miami, and arrived in Pahokee, Wednesday, for several days visit with his mother, Mrs. Annette McCurdy after which time he will return to Miami where he is to be employed through the summer.

S. A. Nall has returned to his home in St. Petersburg after several days visit with his wife in Canal Point.

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{1}{4}\%$ for the first year and a half; then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{4}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $\frac{1}{4}\%$ increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

Certificates and letters were awarded to the following cheerleaders: Shirley Trett, Wanda Thomas, Josephine Young, Maxine Gandy, Gail Reeves, Sharon Johnson, Freddie McKee, Richard Everts, Alan Hitchcock, Walter Webb, Bill Irla, Eddie Upthegrove, Bobbie Tucker, Harvey Housley, Bobby Haggins, Jerry Ingram, Leroy Tillis, Eberman Clark, Terry Hall, Jackie Yeomans, and Jewel Sykes.

Mr. White announced the addition of the Safety Patrol Unit organization and introduced the two school patrol boys, Rickie Holt and Philip Basford. He also recognized the members of the eighth grade since this would be their last time to participate in the Canal Point School Assembly.

The Canal Point 4-H Boys Club members did not receive their awards at this time, but they would be mailed to them at a later date.

OFF TO ROCHESTER, N. Y.

Mr. and Mrs. F. M. Wilson of Canal Point left Saturday for Rochester, N. Y., to visit their son Max and to attend the University of Rochester Graduation Exercises on June 10 at which time he will be awarded his degree from the Medical School. Enroute up they stopped in Alexandria, Va., for a short visit with their son-in-law and daughter, Mr. and Mrs. Don Adams and little daughter. They plan to visit their other son and family, Mr. and Mrs. Dennis Wilson in Chicago, Ill., before returning home.

Indiantown Bridge Gets Overhaul Job

"The Indiantown bridge over St. Lucie Canal was built for Model T Fords and it has been used right through the middle age with only necessary repairs now and then," said James Thaxton, assistant maintenance superintendent for the State Road Department.

A new bridge has been in the SRD budget for three years and the rights of way have not been provided. In the meantime the bridge had become a real hazard to vehicular traffic and something had to be done.

Early last month Thaxton's crews began to rebuild the bridge, pier by pier, avoiding closing the span to traffic during hours when residents are going to work and returning.

J. H. Mather, maintenance engineer of Fort Pierce worked out a plan to permit Pratt-Whitney employees, school buses and dairy trucks to pass.

Crews started work at daylight and continued until dark to speed up the repair work and leave it passable during the night. This served with little inconvenience to traffic while the piers and underpinning was being replaced "as a safety project," the engineers said.

But this week new decking is being laid and Martin Sheriff Roy C. Baker was notified that the bridge must be closed during work hours for four days from 7:30 a. m. to 6 p. m.

APPRECIATION

We are most grateful for the kind expressions of sympathy and thoughtful attentions in the recent bereavement, in the death of S. F. Lowery. Your prayers, messages, flowers, and many other acts of kindness to him at the hospital, also the beautiful flowers and other thoughtful gestures at the time of his death. May God Bless each of you is our prayer.

Mrs. S. F. Lowery and Family.

Band Parents In Final Year Meeting

The Pahokee Band Parents Association had its final meeting of this school year, the following new officers were elected: Mrs. James Batchelor, president; Mrs. Lloyd Hundley, vice president; Mrs. Hugh Branch, secretary; and Robert O. Lampi was re-elected treasurer.

Mr. Lampi gave reports on the annual band activities of the past year and on the finances. The group voted to purchase draw drapes for the windows in the rehearsal room of the Band Building. The next meeting will be held in September to make plans for selling of ads in the Pahokee Football programs.
